KELVIN ISAIAH

DESIGN ENGINEER | FRONTEND & UI DEVELOPMENT

Lagos, Nigeria • +234 818 178 7297 • kellydwaynez@gmail.com
vinnykells.dev • linkedin.com/in/vinnykells • github.com/Vinnykells

PROFESSIONAL SUMMARY

Design Engineer with experience building responsive web interfaces and user-focused digital products using React, Next.js, JavaScript, TypeScript, and modern styling tools. Combines a strong eye for design with practical frontend implementation, API integration, animation, and performance-minded development. Also brings experience in client communication, technical support, and structured data operations.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React, Next.js
UI, Styling & Motion: Tailwind CSS, CSS/SCSS, Framer Motion, responsive design, Figma
APIs & Development Tools: REST APIs, Axios, NASA API, TMDB API, Git, GitHub, VS Code, Vercel
CMS & Web Operations: WordPress, WooCommerce, Cloudflare CDN, Wordfence, LiteSpeed Cache
Additional: Technical support, hardware assembly, meteorological data collection, environmental monitoring, MS Excel

SELECTED PROJECTS

Starbase | *Next.js, NASA API, Tailwind CSS, Framer Motion, Axios*
Space exploration dashboard featuring Astronomy Picture of the Day, Mars rover imagery, near-Earth asteroid tracking, and live data feeds.

CineFlicker | *Next.js, React, Tailwind CSS, TMDB API, Framer Motion*
Movie and TV discovery app with search, trending titles, cast details, trailers, similar-title discovery, and animated loading states.

Aegis | *Next.js, Tailwind CSS, Framer Motion*
Fintech landing page concept with a dark-gold visual system, glassmorphism cards, currency ticker, and shield micro-interactions.

VK Fitness | *HTML, CSS, JavaScript*
Four-page fitness website with a design-token system, modal sign-up flow, scroll animations, and Schema.org structured SEO markup.

PROFESSIONAL EXPERIENCE

Frontend Developer — Freelance (KellsHub / VinnyKells Co Ltd)
Remote | 2024–Present
- Design and develop responsive web interfaces and digital products using React, HTML, CSS, and JavaScript.
- Work directly with clients to translate business requirements into clean, user-friendly experiences and deliver against agreed timelines.
- Build self-initiated projects across fitness, entertainment, and productivity, applying design tokens, SEO practices, and animation systems.
- Developing a WordPress/WooCommerce brand and catalogue website, with Cloudflare CDN, Wordfence, and LiteSpeed Cache integration.

Data & Operations Officer — Nigerian Meteorological Agency (NiMet), Federal Airport Ibadan (SLAAU)
Ibadan, Nigeria | Aug 2025–Present
- Collect, verify, and record meteorological readings from weather-station instruments on a shift basis, averaging 20+ hours of active observation per week.
- Provide structured weather readings to aviation observers for real-time synchronisation and reporting that supports flight-safety operations.
- Maintain accurate and consistent environmental data logs in support of national climate monitoring.

Frontend Intern — HNG Tech
Remote | 2024
- Built interactive web components with React and JavaScript in a fast-paced, collaborative internship environment.
- Worked within agile sprint workflows and distributed teams to meet project deadlines.
- Developed practical skills in debugging, cross-browser compatibility, and code optimisation.

Customer Care Representative & Receptionist — MTN Office, Tradefair
Lagos, Nigeria | 2021–2022
- Managed customer enquiries and complaint resolution in a high-traffic commercial location.
- Supported front-desk, administrative, and operational activities while maintaining service quality.

Hardware Technician, Assembler & Workplace Safety Auditor — Fouani Global Ventures
Lagos, Nigeria | 2018–2019
- Assembled and quality-checked consumer hardware devices against technical and safety standards, and performed on-site diagnostics and technical support.
- Conducted weekly workplace safety assessments, recorded findings, and communicated workspace performance to the team.

EDUCATION & CERTIFICATIONS

B.Sc. Geography — Obafemi Awolowo University, Ile-Ife, Nigeria | 2019–2024
- Frontend Intern Certificate — HNG Tech (2024)
- Soft Skills Training — Jobberman (June 2025)
- Entrepreneurship & Small Business Training — Jobberman (June 2025)
